

I currently live in Cumberland, RI with my husband Bob. We have 3 sons. Our oldest is a USNA graduate. He is married, he and his wife are currently stationed with the US Navy in Norfolk, VA. Our middle son is a graduate of Duquesne University living in Pittsburgh, PA and our youngest is a junior at Syracuse University studying Engineering.

I graduated from the University of Hartford with a Bachelor's degree in Business Management, and a concentration in Human Resources (though at the time it was called Personnel). While a student at the University of Hartford I worked as a dispatcher in the University's Security Department.

My professional career started with Underground Camera, a retail camera company that has since gone out of business. I was the HR Assistant and was promoted to HR Director. At that time Underground Camera had 56 stores and more than 300 employees. After leaving Underground Camera I remained outside the workforce choosing to be an at-home mother and raise our three children.

I returned to the workforce on a part time basis when our youngest was in grammar school. I worked for a small cabinet manufacturer as an Accounting Assistant and also taking care of their HR needs. My next position was with a larger manufacturing company where I was the HR Coordinator for their RI division. I was in charge of all HR and Payroll responsibilities for the division and reported to the corporate office. Presently I am the corporate Senior HR Generalist at an investment firm in Massachusetts with 6 offices and 130 employees globally. This position has enabled me to expand my knowledge to the national and international level.

I achieved my PHR certification in 2014 and am keeping up to date with the continuing education.

I am thrilled to be a member of RISHRM and working with the Workforce and Development Committee.
