At this session, we will move beyond an overview of the opioid epidemic and take an in-depth look at:

- What employers need to know to identify and address opioid use.
- How to leverage vendors and community resources to better meet the needs of employees and their family members who may be struggling with addiction.
- Policies employers can implement to address misperceptions about substance use disorder, support recovery, facilitate efficient return to work AND MORE!

Following the summit, attendees will have the opportunity to attend a **FREE** training session to learn how to administer life-saving Naloxone in the work setting. Continuing Education credits are available for RISHRM members.
